This ecosystem is not just for Yoga Affectionados or Crypto fans.

This space is about **give and receive\_ which is the nature of life. One can not just think about him/her self all the time. Look around, Food banks, street homelessness, etc. If you want to be involved in a \_conscious effort** to make a difference in **this life time**, please register so that together (yoga means union) we can make a better world.

And if you have time to spare, please start by creating a space of your own via this complex question about a 4 win situation
